Sec. 7-147. Impounded animal; without vaccination certification.

Any animal that is lawfully impounded within the provisions of this Article, and for which there is not a certificate of rabies vaccination available, shall be vaccinated for rabies prevention by a licensed veterinarian, and the cost of such vaccination shall be met by the owner or harbored of such animal. If the animal is not claimed in three (3) days and becomes available for adoption, the adopting person must pay for the vaccination of such animal and the animal will not be released until vaccinated. No animal will be vaccinated until at least three (3) days have elapsed from the date of impoundment. The City shall never be held responsible for costs involved in the vaccination of animals against rabies. (Prior code 11-484-17)

Sec. 7-148. Trapping of animals authorized.

Any police officer or Code Enforcement Officer, or any citizen with express authorization from the Chief of Police, may set out and trap small animals as deemed necessary. Sec. 7-149. Adoption of impounded and/or abandoned animals.

Any person may adopt a dog or cat that has been impounded for at least three (3) consecutive days and whose owner has not made claim for such dog or cat within the three-day period. of breeding, buying, selling, trading, training or boarding cats and/or dogs or both cats and dogs without having obtained a kennel license from the City.

(b) Kennel licenses must be renewed every year between January 1st and March 1st. No kennel license shall be issued until an inspection certificate shall have been issued certifying approval of the kennel by the Chief of Police and a certificate from the City Administrator shall have been issued certifying that the applicant for the kennel license is not violating zoning laws of the City.

(c) If the City has not received any protest against its renewal, the City Clerk may issue a renewal of an existing kennel license at the same location without any report from the Chief of Police and City Administrator.

(d) If the Chief of Police, Code Enforcement Officer or any police officer finds that the holder of any kennel license is violating any zoning law, health law or any other law of the State or the City, or is maintaining said facility in such manner as to be detrimental to the health, safety or peace of mind of persons residing in the immediate vicinity, he or she shall report such fact to the City and said license shall not be renewed except after a public hearing before the City Council.

(e) The Chief of Police, Code Enforcement Officer or any police officer shall have the right to inspect any premises licensed under this Section at any time, and nothing shall prevent the entry into private property for the purpose of this inspection. The application for a kennel license shall constitute consent to such entry and inspection.

(f) The City Council may suspend or revoke a kennel license if pursuant to a public hearing it finds any of the following to be true:

(1) The kennel is maintained contrary to any applicable statute or ordinance of regulation of the State, the County or the City;

(2) The kennel is maintained as to be a public nuisance; or

(3) The kennel is maintained so as to be detrimental to the health, safety or peace of mind of persons residing in the immediate vicinity.

Sec. 7-151. Mistreatment.

(a) Cruelty/Neglect: It shall be unlawful for any person, owner or harbinger of any animal to overdrive, overload, drive when overloaded, overwork, torture, deprive of necessary sustenance, cruelly beat, mutilate or kill needlessly, to carry in any vehicle or otherwise transport in a cruel and inhumane manner any animal, or to cause any of these acts or omissions to be done. It shall be unlawful for any animal owner or harbinger to fail to provide such animal with proper food, drink,

protection from the weather and necessary medical treatment to prevent suffering, or to cause any of these acts or omissions to be done.

(b) Poisoning: It shall be unlawful for any person to poison any animal or to distribute poison in any manner whatsoever with the intent to, or for the purpose of, poisoning any animal; provided that for the purpose only of this Subsection, the word animal shall not include mice, rats, bats or other rodents but shall include hamsters, guinea pigs, rabbits or squirrels. The distribution of any poison or poisoned meat or food, other than those specifically for insect or mouse, rat, bat or other rodent poisoning, shall be prima facie evidence of violation of this Subsection.

(c) Molesting birds:

(1) It shall be unlawful for any person within the City to at any time willfully frighten, shoot at, wound, kill, capture, ensnare, net, trap or in any other manner molest or injure any bird, fowl or water fowl, or in any manner willfully molest or injure the nest, eggs or young of any such bird, fowl or water fowl.

(2) This subsection shall not prevent the Chief of Police, any sworn police officer, the Animal Control Officer, Code Enforcement Officer or any person who has received permission from the Chief of Police to take appropriate, humane action against the nesting of birds where such nesting and gathering of birds causes a nuisance or obvious health hazard to the persons of the community.

(d) Animal fights: It shall be unlawful for any person to cause, instigate or encourage within the City any dog fight, cock fight, bull fight or other combat between animals or between animals and humans. It shall be unlawful to maintain any place where any animals are permitted to fight for exhibition, for wages or for sport. Ownership of the animal shall not constitute a defense for such acts or for any violation of this Subsection.

(e) Abandonment: It shall be unlawful for any person to abandon any animal or to cause such to be done. (Prior code 11-484-21)

Sec. 7-152. Running at large.

(a) Prohibited: It shall be unlawful for the owner or harbinger of any dog or other animal, other than an ordinary domesticated cat, to fail to prevent the same from running at large within the City. For the purpose of this Article, the term running at large shall mean any animal, other than a domestic house cat, whether or not inoculated, which is off the premises of its owner or harbinger and not under control of that owner or harbinger who is competent to effectively control such animal. Effective control shall include restraining it by a leash, cord or chain not exceeding ten (10) feet in length but does not include only verbal control. Any animal enclosed within the automobile or other vehicle of its owner shall be deemed to be upon the owner's premises. No animal shall be deemed to be running at large, however, when upon private property, with the permission of the owner or other person with right to possession thereof, and enclosed either by fencing or other means.

(b) Killed or injured on highway: Notwithstanding any provisions herein to the contrary, animals injured or killed on or along public streets or other rights-of-way shall be deemed to be running at large. The Code Enforcement Officer or any member of the Police Department shall remove all such

animals and, at their discretion, take those needing medical attention to a veterinarian or to the City impoundment facility. The owner of such animal shall be liable for all expenses of treatment and of impoundment as well as any penalties which may be imposed for violation of this Section.

(c) Unspayed females: Notwithstanding any provisions herein to the contrary, any unspayed female animal in the state of estrus (heat) shall be deemed to be running at large unless confined during such period of time within a house, building or other secure enclosure which will be so constructed that no other animal of the same species may gain access to the confined area unless intentionally admitted to such area by the confined animal's owner for breeding purposes. The Code Enforcement Officer or any officer for the City shall order the owner to remove any unspayed female animal in the state of estrus (heat) and not confined as herein required and to confine such animal to a boarding kennel or veterinary hospital of the owner's choice or to the City impoundment facility for the duration of the estrous cycle. Any such animal so confined voluntarily by her owner to the animal impoundment facility shall not be disposed of as provided in Sections 7-142 and 7-143 unless, after notification that the animal is no longer in estrus and may be redeemed, her owner is deemed to have abandoned said animal as provided. All expenses incurred as a result of the confinement shall be paid by the owner. Animals voluntarily confined to the animal impoundment facility shall be charged at the rate established for routine boarding by the City, but no impoundment fees shall be assessed. Failure to comply with the confinement order of the Code Enforcement Officer or any police officer shall constitute a violation of this Section, the animal will then be impounded and her owner shall be subject to the penalty set forth in this Article. (Prior code 11-484-22; Ord. 645 §1, 1993)

Sec. 7-153. Keeping an animal which creates a danger.

(c) Violations: Any person found guilty of violating the provisions of this Section shall be punished by a fine of not less than one hundred fifty dollars (\$150.00) and up to one thousand dollars (\$1,000.00) and by a jail term of up to one (1) year; and the Municipal Judge shall have the continuing jurisdiction and authority to order the defendant to adopt and enforce protective and deterrent measures to ensure the animal does not thereafter create a danger to humans or other animals. Further, the Municipal Judge shall have the jurisdiction and authority to make a finding, at the time of a conviction or at a hearing convened for such purpose after conviction, that the subject animal represents a clear and present danger to humans or other animals and may order the animal destroyed in a humane manner under the supervision of the City Police Department. A pit bull dog as defined in Section 7-242, engaging in conduct described as an animal which creates a danger in Section 7-131, is a clear and present danger to the community.

(d) Immediate destruction: Nothing in this Section shall be construed to prevent the immediate destruction by the Code Enforcement Officer or a police officer of any vicious dog or other animal when less drastic methods such as tranquilizing are not available or effective and when neither the Code Enforcement Officer, a member of the Police Department nor the animal's owner is able to restrain or control the animal so that it might be impounded. (Prior code 11-484-23; Ord. 645 §1, 1993; Ord. 2003-810 §3)

The Code Enforcement Officer is hereby authorized to use any tranquilizer gun or other firearm to subdue or destroy any wild or dangerous animal that is determined by the Animal Code Enforcement Officer in his or her discretion to be of danger to either itself or to the public health and safety. (Prior code 11-484-24)

The subject matter of the ordinance relates primarily to enforcing an undesirable plant management plan. The purpose of the adoption of this Weld County Ordinance by reference is to provide a consistent approach to managing undesirable plants with Weld County. Three (3) copies of Ordinance 169 adopted herein are now filed with the office of the City Clerk and may be inspected during regular business hours. (Ord. 99-747)

Sec. 7-202. Deletions.

For instance, Article II on Page 2 of Ordinance 169 states "description of the County weed problem." Also, paragraph A states "weed species in Weld County to be controlled pursuant to weed control laws." These type of references will be considered to state "City of Fort Lupton" instead of "County" or "Weld County."

Every person convicted of a violation of any provision adopted in this Article shall be punished by a fine of not more than one thousand dollars (\$1,000.00) or not more than one (1) year in jail, or by both such fine and imprisonment. Sec. 7-221. Release of destructive rodent pests.

It shall be unlawful for any person to own, keep, possess, maintain or harbor any pit bull or transport pit bulls through the City, except as provided in this Article. (Ord. 2003-810 §1; Ord. 2004-828, Pt. 1)

Sec. 7-242. Definitions.

For purposes of this Article, the following words shall have the meanings ascribed hereafter:

Any Colorado licensed veterinarian may attest to whether or not any dog meets this definition.

Secure temporary enclosure is a secure enclosure used for the purposes of transporting or holding a pit bull and which includes a top and bottom permanently attached to the sides except

for a door for removal of the pit bull. Such enclosure must be of such a material, and such door closed and secured in such a manner, that the pit bull cannot exit the enclosure on its own. (Ord. 2003-810 §1; Ord. 2004-828, Pt. 1)

Sec. 7-243. Exceptions.

(a) The prohibition in Section 7-241 shall not apply in the following enumerated circumstances in paragraphs (1) through (4), which shall be affirmative defenses to any prosecution under this Article. Failure of the owner to comply and remain in compliance with all of the terms of any applicable exception shall subject the pit bull to immediate impoundment and disposal pursuant to Subsection (e) of this Section and shall operate to prevent the owner from asserting such exception as a defense in any prosecution.

(1) The owner of a pit bull, who has applied for and received a pit bull license from the City for such pit bull, in accordance with Subsection (d) of this Section and all other applicable requirements of this Chapter, may keep the licensed pit bull within the City. The license will replace the regular dog license required elsewhere in this Chapter.

(2) Any licensed veterinarian and any licensed animal shelter may temporarily harbor and transport any pit bull for purposes of temporary shelter and/or treatment and enforcing the provisions of this Chapter.

(3) Any such veterinarian or shelter may temporarily hold any pit bull that it has received or otherwise recovered, but only for so long as it takes to conduct treatment or placement back to a licensed owner within the City or placement with an owner outside the City, or receive permission from the owner or the City to destroy or have destroyed the pit bull pursuant to the provisions of Subsection (e).

(4) A person without a City pit bull license may temporarily transport a pit bull through the City for treatment at a licensed veterinarian or directly through the City to a location outside the City if the pit bull is confined in a secure temporary enclosure as defined in Section 7-242.

(b) The owner of any previously licensed pit bull shall be allowed to keep such pit bull within the City as long as the owner applies for and receives an annual pit bull license for each calendar year. As a condition of renewal of a pit bull license, the owner shall at the time of application comply with or otherwise provide sufficient evidence that the owner is in compliance with all of the following regulations:

(1) The owner of the pit bull shall provide proof of rabies vaccination and shall pay the annual pit bull license fee of fifty dollars (\$50.00). The fee shall not be reduced for a license lasting less than one (1) calendar year.

(2) The owner of the pit bull shall keep current the license for such pit bull through annual renewal by January 15 of each year. Such license is not transferable and shall be renewable only by the holder of the license or by a member of the immediate family of such licensee who is at least twenty-one (21) years of age at renewal. A pit bull license tag will be issued to the owner at the time of issuance of the license. Such license tag shall be attached to the pit bull by means of a collar or harness and shall not be attached to any pit bull other than the pit bull for which the

license was issued. If the pit bull tag is lost or destroyed, a duplicate tag may be issued upon the payment of a five-dollar fee.

(3) The owner must be at least twenty-one (21) years of age as of January 1, 2003.

(4) The owner shall present to the City proof that the owner has procured liability insurance in the amount of at least one hundred thousand dollars (\$100,000.00), covering any damage or injury which may be caused by the pit bull during the period covered by the pit bull license. The policy shall contain a provision requiring the insurance company to provide written notice to the City Administrator not less than fifteen (15) days prior to any cancellation, termination or expiration of the policy.

(5) The City shall maintain a file containing the identification method and names of licensed pit bulls and the names and addresses of the owners. The owner shall notify the City of any changes of address.

(6) At all times when a pit bull is at the property of the owner, the owner shall keep the pit bull confined on the owner's property, and in such a way as to prevent the dog from engaging in conduct described as an animal which creates a danger in Section 7-131. At all times when a pit bull is away from the property of the owner, the owner has the responsibility to see that the pit bull is either securely leashed and muzzled or in a secure temporary enclosure, as that term is defined in Section 7-242. Failure to prevent a licensed pit bull from leaving the owner's property leashed and muzzled or so contained, or engaging in dog fighting, or training for fighting purposes shall cause the license to be revoked, and the owner shall be so notified in writing. The owner shall not sell or otherwise transfer the pit bull to any person except a member of the owner's immediate family (over twenty-one [21] years of age) who will then become the owner and will be subject to all of the provisions of this Chapter. The owner shall notify the City within five (5) days in the event that the pit bull is lost, stolen, dies or has a litter. In the event of a litter, the owner must deliver the puppies to the City for destruction or permanently remove the puppies from the City and provide sufficient evidence of such removal by the time the puppies are weaned, but in no event shall the owner be allowed to keep in the City a pit bull puppy born after the effective date of the ordinance codified herein, that is more than sixteen (16) weeks old. Any pit bull puppies kept contrary to the provisions of this Section are subject to immediate impoundment and disposal.

(7) The owner shall have posted at each possible entrance to the owner's property where the pit bull is kept a conspicuous and clearly legible pit bull sign. Such pit bull sign must be at least eight (8) inches in rectangular dimensions and shall contain only the words "PIT BULL DOG" in lettering not less than two (2) inches in height.

(8) This Section is designed to allow existing owners of licensed pit bulls to keep them as long as they are promptly licensed and to prevent new pit bulls from being kept within the City. No new licenses will be issued more than sixty (60) days after the effective date of this Section. Existing owners may not replace existing pit bulls which are no longer in their possession.

(c) Notwithstanding any other provisions of this Code, the City is authorized to immediately impound any pit bull found in the City which does not fall within the exceptions listed above and the City may house or dispose of such pit bull in such manner as the City may deem appropriate, except as the procedures in Subsection (d) below otherwise require, without compensation to the owner.

(d) When the City has impounded any pit bull dog pursuant to Section (c), it shall notify (verbally, in writing or both) the owner, if known, and if the owner of such dog disputes the classification of such dog as a pit bull or claims to have a license, the owner of such dog may file a written petition with the City Administrator for a hearing concerning such no later than three (3) regular business days after impoundment. Such petition shall include the name and address, including mailing address, of the petitioner. The City Administrator will then issue a notice of hearing date by mailing a copy to the petitioner's address no later than five (5) days prior to the date of the hearing. Where no written request from the owner for a hearing is received by the City Administrator within three (3) regular business days of impoundment, the pit bull shall be destroyed with no compensation to the owner. The hearing, if any, will be held before the City Administrator or an officer designated by the City Administrator. Any facts which the petitioner wishes to be considered shall be submitted under oath or affirmation either in writing or orally at the hearing. The City Administrator or hearing officer shall make a final determination whether the dog is a pit bull properly licensed as defined above. Such determination shall be considered a final order of the City Administrator subject to prompt judicial review/appeal by the Municipal Court Judge. The review shall be limited to whether or not the dog is a pit bull properly licensed or not. The Municipal Court shall have the authority to conduct such a review, and to issue orders regarding how the dog is to be kept and by whom during the review process. The appellant must file for this review within three (3) calendar days of the City Administrator's determination. The Municipal Court shall complete its review within thirty (30) days of the City Administrator's finding. If the dog is found to be a pit bull, it shall be euthanized (after the three-day waiting period to allow for a request for review to be filed, unless the owner waives a review), unless the owner produces evidence deemed sufficient by the City Administrator that the pit bull is to be permanently taken out of the City and the owner pays the cost of impoundment. If the dog is found not to be a pit bull, the dog shall be released to the owner. The procedures in this Subsection shall not apply and the owner is not entitled to such a hearing with respect to any dog which was impounded as the immediate result of conduct defined in Section 7-153. In those instances, the dog shall be handled and the procedures governed by the provisions of this Chapter. (Ord. 2003-810 §1; Ord. 2004-828, Pt. 1)
